

# KATHLEEN BUNKER

GRAPHIC DESIGNER & ILLUSTRATOR

## ABOUT ME

My passion for art has always been a part of my life. It began early when I started creating and sketching original characters at a very young age. This love for art continued to grow and led to my decision to attend Oakland University where my artistic studies culminated with a Bachelor's Degree in Graphic Design and Studio Art.

Through the years, I have learned to work with many computer programs including Adobe Illustrator, Adobe Photoshop, and CorelDraw on both PC and Mac. I have also become talented in sketching, drawing, painting, and web design including designing my own online portfolio. I manage each project in a timely manner while multitasking on many assignments. I have recently been doing some freelance work.

## WORK EXPERIENCE

### NANNY

*At home nanny (2020 - present)*

Once the COVID-19 pandemic hit, my previous employer was forced to downsize and consequently my department felt the effects. I started to nanny for my nephew and a few other children. Through this job, I was able to enhance my multitasking skills, time management, and learn how to creatively communicate.

### DIGITAL ARTIST

*STAHL'S (2016 - 2020)*

Worked in the design and art department working closely with different art programs and with other artists in a fast-paced environment. In this role, my primary job was to create and clean up artwork. This included logos, illustrations, and patterns. I also worked in a small team that worked closely designing for the NBA.

### CAST MEMBER

*WALT DISNEY WORLD RESORT (2013-2016)*

During the fall of 2013, I was selected for an internship with the Disney College Program at the Walt Disney World Resort. While working with the company, I gained more skills involving working with the public in a fast-paced environment. I dealt with money, guest problems, and inventory. I eventually went onto applying for their competitive professional internships in design and was considered for the internship position.

## EDUCATION

### OAKLAND UNIVERSITY

*Bachelor of Arts in Graphic Design (2013 - 2016)*

## CERTIFICATIONS

### VISUAL ELEMENTS OF USER INTERFACE DESIGN
